

# Boston University

## SPS Zone 1 Meeting

## Featuring:

- Two keynote speakers
- Student research posters and talks
- Friday fun night
- Time to bond with other physics departments!

Boston University's SPS chapter is proud to host this Zone I meeting. The keynote lectures will be delivered by Professors Ed Kearns ("Underground Physics") and Rick Averitt ("Electrodynamics of Metamaterials"). There is also a career panel, graduate student panel, and undergraduate posters and presentations. All auditorium events will be held in the Life Science and Engineering Building at 24 Cummington Street, Room B01. Posters, lunch, and Friday night's events will be held in the basement of the Metcalf Science Building at 590 Commonwealth Avenue.
