

NS547 Session 2 (At-home Session) – Checklist

- ____ 1. There are a couple of worksheets under session 2 at <http://physics.bu.edu/~duffy/NS547.html>. Please complete those for the next session.

- ____ 2. Complete Assignment 1, which is made up of selected problems from the *Spacetime Physics* book. The assignment consists of these problems:
 Chapter 1. Problems 1.1, 1.4, 1.5, and 1.10
 Chapter 2. Problems 2.4, 2.9, 2.11

- ____ 3. Read chapters 2 and 3 from *The Making of the Atomic Bomb*

- ____ 4. We would like you to reflect on how your teaching has been influenced by your participation in the ITOP courses. Please start a document on your computer with some thoughts about this, and upload it on WebCT (we'll tell you exactly where to do this). Each week, you should add to your document and upload it on WebCT (<http://webct.bu.edu>).

- ____ 5. We will all meet together on-line to discuss homework, worksheets, and other course-related issues. We will do this using GoToMeeting. Please go to www.gotomeeting.com to get some information about how this will work. Joining the meeting itself should be as easy as following a link in an e-mail you will get from me,

If you have questions about the material, or you'd like to comment on any aspect of the process, please use the discussion board that is on the NS547 WebCT site. We will try to monitor the discussion board and post replies in a timely manner. Please feel free to reply to other people's questions and comments, though.

Teachers in the Boston group can e-mail Manher directly at manher@bu.edu

Teachers in the Chicopee group can e-mail Andrew directly at aduffy@bu.edu
