

### **Buying a Turning Technologies RF clicker**

You can purchase a clicker either from the bookstore. Alternatively, you can order one on-line from: <<http://store.turningtechnologies.com>>. If you go there, you will need to enter the Boston University code, which is: B6sC.

### **Registering your Turning Technologies RF clicker**

1. Go to the web site: <<http://student.turningtechnologies.com>>
2. Enter your Device ID: The string of six numbers and letters below the bar code on your clicker.
3. Enter your first name and last name in the appropriate fields.
4. At "Other Info": enter your BU login name. For example, if your BU e-mail address is `jdsmith@bu.edu`, you would enter `jdsmith`
5. Enter the text shown in the picture on the page.
6. Press "Next".
7. At "Instructor E-mail": enter `okctsui@bu.edu`, and then press "submit Address" `PY106C1` should show up in the box - click on it to highlight, and then press "Add".
8. In Classes Selected to Register Device, you should see "`okctsui@bu.edu :: PY106C1`". Press "Next" to go to the third screen.
9. There, you can check the information before completing the registration process. Please make sure that your device ID is correct and your BU login name is present in Other Info. If you need to correct anything, use the "Back" button, otherwise hit the "Complete Registration" button. Note that you must hit this button to complete the registration or else no data will be transferred.

### **Setting the Channel Number on your clicker**

1. Press and release the "CH" button.
2. While the light is flashing red and green, enter the two digit channel code "41" for this class.
3. After the second digit is entered, Press and release the "CH" button. The light should flash green to confirm.
4. Press and release the "1/A" button. The light should flash amber ONCE to confirm. If it flashes continuously, there's probably an error and you should try it again.
