

Homework (Due April 7th)

1. Please use transfer learning using a standard vision model trained on imagenet to classify a new dataset chosen from Kaggle Computer vision.
<https://www.kaggle.com/datasets?tags=13207-Computer+Vision>
2. Please add a tensor board interface to the Pytorch Ising classification notebook. Information about this can be found here.
https://pytorch.org/tutorials/recipes/recipes/tensorboard_with_pytorch.html
3. Please do Notebook 16.
