Vertices in p14

- Primary vertex

Recompute in D0root:
First determine beam spot and then Redo vertex fit using beam spot
Compare with p13
Secondary vertices in muon+jets data

Jet vertex chi$^2$/ndf

P14

Jet vertex chi$^2$/ndf

P13

Jet vertex decay length significance

Decay length sig

Jet vertex track multiplicity

# of tracks attached to vertices -> more in P14!
